DETAILED ACTION

Claims 1-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. These claims are vague and indefinite since they do not define a single process step. Claims 18-20 are also vague and indefinite in their use of the term "Use of the process..." "The process according to claim 1 in which the substrate is..." should be used. Claim 17 is also vague and indefinite in defining a polymer coating. See Ex Parte Scott 66 USPQ 371 where the court held that coatings are not made and sold as such.
